June 4  The flooding of Hetch Hetchy Valley was an iconic event, but what has been happening downstream?
Jeff Holmquist, Research Scientist, White Mountain Research Center, Institute of the Environment and Sustainability, UCLA

Seminars are on Tuesday evenings from 7-8 PM and doors open at 6:30. All seminars will be held in the Page Center at SNARL – 1016 Mount Morrison Road. Small tasters of food and drink will be provided by local businesses. Please arrive early to park, secure a seat, snack and mingle. Seminars are geared to adult audiences, however young people are encouraged to attend and well-behaved children are welcome. Visitors are not allowed to bring dogs to SNARL, so please leave pets at home. Looking forward to seeing you at SNARL.
